

My Life as a Northern Pike Fish

I like being a northern pike because I love to swim. I'm 23 years old and I weigh 28 pound's. I see a lot of hooks. I like to stay in the grass to hide.

I live in the Yukon River in dirty water. I like having a small brain. I communicate with other fish with vibrations in the water.

I like to steal food from hooks. I watch another fish eat a tiny fish. I like to eat fish that are half my weight. I ate too many fish and I started to choke on one.

The End
