

Being A Pike Fish

This is a story about me being a northern pike fish. my name is Awesome and I have a red tail and fins. I also have eyes that can see in the water.

I am swimming in the Yukon River right by Mountain Village. I can see boats floating above me and I can see other pike fish. Everyday I try not to get caught by the humans and I blend in to find food. I need to find waterfowls, ducklings, rats, voles, and frogs so I can survive.

Being a fish sounds fun. I can be by myself, and breathe in the water. I can see in the water too. That's my story about me being a northern pike fish.
