

Being A Pike Like...

I'm a northern pike and I live in the Andraefski River. I'm long and skinny with black and white Stripes. I like to eat snail, worms, ducklings, and little fish. I see other fish swimming and see hooks hanging down from along. I swim all day looking for my brother Carl.

I learn that I was born from an egg. And I was born in St.Mary's River. I was a baby when my parents Died. I grew up in the Andraefski River and I had lots of friends. We swam all around the bend then went home.

I always like to do fun things like swim with my friends. And I like to sleep in the sea weeds and hide from people because I'm scared of them. I hope I grow in my 30's. And by the way my name is Jacob.
