

## BEING A PIKE IS LIKE....

---

I am a northern pike and I live in the Yukon river. I am twenty-four years old and I am 46 inches and 117 cm and 31 pounds. I am bronze with stripes and blotches on my back. I have a large jaw and big teeth.

I see lush fish, white fish, and black swim by me in the river. I see somebody's hook and investigate and I got distracted by a frog.

I eat duckling , young water , fowl , rats, voles, frogs. I see a black fish and I swim to eat it. I'm surprised to eat it all by my self and I got really full.
